New York Citizens Audit Civic Fund, Inc.
is a 501(c)(3) nonprofit organization.

A CALL TO ACTION

Help us restore accuracy and the rule of law to our elections.

We are New York Citizens Audit.

We audited our publicly available voter roll databases. Our findings prove that elections in New York are wildly inaccurate, and **THE LAW IS BEING IGNORED.**

WE WANT VALID ELECTIONS THAT OBEY THE LAW.

- ▶ Voter rolls must be accurate.
- ▶ Votes counted must be from qualified electors.
- ▶ The number of votes must equal the number of voters.

New York Citizens Audit is restoring accuracy and the rule of law to our elections. Our 100% volunteer organization, with thousands of contributors from Montauk to Buffalo, is inspiring hope, and the renewal of the people as defenders and nurturers of the seeds of liberty that we inherited.

OUR FINDINGS SHOW ONE SIMPLE TRUTH:

Election laws are NOT being followed.

HERE'S SOME OF WHAT WE FOUND:*

338,000+

more votes cast than voters who voted.

- ▶ The law says that the numbers of votes cast must equal the number of voters.

740,000+

ineligible voters cast votes.

- ▶ The law says only legally registered voters can cast votes.

2.4 million

NYSVoter ID numbers attached to

1.1 million

registrants.

- ▶ The law says that each voter in New York State receives ONE Voter ID number, for their voting life.

OUR FINDINGS SHOW THAT:

- ▶ Election officials certified provably inaccurate, non-compliant elections in 2020 and 2022.
- ▶ There is widescale manipulation of the New York State voter database (NYSVoter).

WE CAN PROVE IT.

And Cyber Professionals agree.

New York Citizens Audit findings that **NYSVoter has been breached** are now **PEER reviewed and published** in the *Journal of Information Warfare*, as seen in Volume 22, Issue 2, 2023, "The Caesar Cipher and Stacking the Deck in the New York State Voter Rolls" by Andrew Paquette. This shows that:

- ▶ Someone is manipulating our voter rolls, and carefully hiding that fact.
- ▶ It is a "Total Loss of Control" data breach according to law.
- ▶ Our critical national security infrastructure is severely impacted.

WHAT CAN WE DO?

HOW CAN YOU HELP?

HERE'S WHAT WE ARE DOING ABOUT IT:

- ▶ We are **educating citizens** of New York State about our findings and election law at public meetings throughout the State, and in online training sessions.
- ▶ In Villages, Towns, and Counties across New York State, citizens are **educating officials** about our findings, and **presenting a Resolution** for an end-to-end audit of our 2022 general election.
- ▶ We are collecting signatures on our **Citizen Petition** in support of the Resolution.
- ▶ We are **using all legal means** to require that our officials **FOLLOW THE LAW**.
